NET WT. _____

LOT NO. _____

DEFUSION® PREMIUM PLUS

For Further Manufacture of Swine Feed

GUARANTEED ANALYSIS

Sodium, min.	15.40	%
Sodium, max.	18.40	%

INGREDIENTS

Sodium Metabisulfite (preservative), Bentonite, Sodium Bentonite, Silicon Dioxide, Mineral Oil, Natural Flavors, Plant Protein Products, Sodium Bicarbonate, Vitamin D3 Supplement, L-Tryptophan, Sodium Sulfate, Citric Acid (preservative), Sodium Citrate, Ascorbic Acid, Dried Bacillus subtilis Fermentation Product, Vitamin E Supplement, Dried Bacillus licheniformis Fermentation Product.

FEEDING DIRECTIONS

Mix 2.5 to 5 pounds of Defusion Premium Plus per ton of complete swine feed as a preservative. When adding Defusion Premium Plus to sow diets, add 2 ppm of thiamine per 1 lb of Defusion Plus, regardless of diet form.

CAUTION: Contains bentonite. It is not permitted to mix bentonite with animal feeds containing Carbodox or Tilmicosin because bentonite has been shown to interfere with acceptable drug analysis. Bentonite in feeds may affect the efficacy of Tilmicosin.

WARNING: Contact with acids, water or ice releases sulphur dioxide gas which may be harmful or deadly if inhaled. Use of this product in confined spaces may cause suffocation leading to death. Use only in well ventilated areas.

CAUTION: Irritant dust - can cause irritation to skin, eyes, nose and throat. Use with adequate ventilation. Wash thoroughly after handling. Persons suffering from asthma or other respiratory problems should avoid any contact or exposure to this product.

KEEP DRY, STORE AWAY FROM HEAT
