Re: Supplier Approval

To whom it may concern:

3F Feed & Food, with its manufacturing facilities located at Poligono Vicolozano, Nave 83-D, Avila, Spain 05194, is approved as a supplier of feed ingredients to Ag Provision, LLC. 3F Feed & Food, S.L. is a subsidiary of the US firm, Eastman Chemical Company. The Poligono Vicolozano facility of 3F Feed & Food is a FAMI-QS Certified facility for which a Hazard Analysis Review and Assessment for all feed additives produced has been conducted by its parent company. At this time, 3F Feed & Food does not supply feed products directly to Ag ProVision but markets through its parent company Eastman Chemical Company. 3F Feed & Food will NOT be included in the vendor performance ranking programs for conformance with performance standards established by Ag ProVision, LLC in the areas of Regulatory, Purchasing, Customer Support, Warehousing, and Business Relationships as Ag ProVision does not do business directly with Animix.

GHS compliant documentation for all products offered by the corporate partners of 3F Feed & Food, S.L. is available at www.agprovisionllc.com.
