Re: Supplier Approval

To whom it may concern:

Animix LLC, with its manufacturing facilities located on 172 Cross Street, Juneau, WI 53039, is approved as a supplier of feed ingredients to Ag Provision, LLC. The Cross Street facility of Animix is a Safe Feed/Safe Food Certified facility that operates under a Hazard Analysis Critical Control Point certification for food products. At this time, Animix does not supply feed products directly to Ag ProVition but markets through corporate partners such as NutriQuest and Elanco Animal Health. Animix LLC will NOT be included in the vendor performance ranking programs for conformance with performance standards established by Ag ProVition, LLC in the areas of Regulatory, Purchasing, Customer Support, Warehousing, and Business Relationships as Ag ProVition does not do business directly with Animix.

GHS compliant documentation for all products offered by the corporate partners of Animix LLC is available at www.agprovisionllc.com.
