Re: Supplier Approval

To whom it may concern:

Inner Mongolia EPPEN Biotech Co., LTD (EPPEN) with their manufacturing operations in the Resources-based City Economic Transformation Experimental Zone, Yuanbaoshan District, Chifeng City, Inner Mongolia, China 024070, is approved as a supplier of the amino acid threonine to Ag ProVision, LLC. Ag ProVision has confirmed that EPPEN operates in accordance with the current Good Manufacturing Practices (cGMP) for feed ingredients as per 21 CFR 507. EPPEN does not supply products directly to Ag ProVision but markets through both Diversified Ingredients and Beans Nutrition, LLC, each of which have assumed all FSVP responsibilities for its importation. Therefore, EPPEN will not be included in the vendor performance ranking programs for conformance with performance standards established by Ag ProVision, LLC in the areas of Regulatory, Purchasing, Customer Support, Warehousing, and Business Relationships.

GHS compliant documentation for all mineral products supplied by EPPEN is available at www.agprovisionllc.com.

Respectfully,

A handwritten signature in blue ink, appearing to read 'Teena F. Middleton', is written over a large, stylized blue scribble.
