Re: Lot Code Decipher

For products made by Milk Specialties Global—Animal Nutrition

The lot code on the product is structured as follows:

23G31N01 where:

- "23" indicates the year (i.e. 2023)
- "G" indicates the month (A = January, B = February, C = March, etc.)
- "31" indicates the date (i.e. 31st day of the month)
- "N" indicates that the product was made at Milk Specialties' New Holstein, WI facility.
- "01" indicates the batch number of the day

We appreciate your business. Thank you for purchasing from Milk Specialties Global—Animal Nutrition.

Lot code would be on bottom of the bag.
