

Product Code	950154
Product Category	Premix for animal feed
Species	Swine, Poultry, Bovine, Canine, Feline, Equine, Ovine, Aquaculture
Product Description	mastersecure[®]Gold is a premix of micronutrients for feed. It is a selected combination of alumino silicates, mannan oligosaccharides (MOS), and essential oils that act synergistically to improve feed quality.
Ingredients	Hydrolyzed Yeast (<i>Saccharomyces cerevisiae</i>), Sodium Calcium Silico Aluminates, Hepatic health extract.

Physical-Chemical Analysis

pH (sol 10%)	5.0 - 7.0
Moisture	≤ 8%
Hepatic Health Extract	≥ 500 mg/kg

Microbiological Analysis

Total aerobic microbial count	≤ 5.0 x 10 ⁴ CFU/g
Total combined molds & yeasts count	≤ 5.0 x 10 ⁴ CFU/g
Total coliforms	≤ 100 CFU/g
<i>E. coli</i>	Absent in 25 g
<i>Salmonella ssp.</i>	Absent in 25 g

Technical Data

Product Appearance:	Green grey powder
Storage:	Store in well ventilated cool & dry place. Avoid direct sunlight. Avoid leaving container open when not in use.
Shelf Life:	24 months after manufacturing date.
Label Information:	Product name; ingredients; guaranteed analysis; feeding recommendations; manufacturing; expiration date; lot #

Feeding Directions

Field of Application

Swine

Poultry - Broilers
Poultry - Layers/Breeders
Bovine - Dairy
Bovine - Beef
Canine, Feline (Pets)
Aquaculture, Equine, Ovine

Application time and Dosage

Pre-starter & Starter - 1.0 - 3.0 kg / ton
Grower - 1.0 - 2.0 kg / ton
Gestation/Lactation - 0.5 - 4.0 kg / ton
Starter, Grower - 1.0 - 3.0 kg / ton
Starter, Pullet - 1.0 - 2.0 kg / ton
Cows - 2.0 - 3.0 kg / ton or 20g / head per day
Cattle - 1.0 - 3.0 kg / ton or 20g / head per day
1.0 - 2.0 kg / ton
1.0 - 3.0 kg / ton

Packaging

25 kg Bags
