TECHMIX GIVES NO WARRANTY OF MERCHANTABILITY or any other warranty which extends beyond the description on this label. In no event shall TECHMIX be responsible for incidental or consequential damages. This product was made in a feed manufacturing facility that does not handle or store products containing animal proteins prohibited in ruminant feed.

#### DIRECTIONS FOR USE

Use product for 2 days, whether on feed or in water.

#### Top Dressing:

Top dress up to 1/2 ounce per pig of Baby Pig Restart on the pig starter 1 ounce/pig/day maximum.

#### Liquid Feeding (Gruel):

Day 1 post weaning: Mix 4 ounces of Baby Pig Restart in 1 quart of warm water to form a palatable gruel. Feed one quart gruel per 20 pigs two to three times per day in a pan to attract pigs.

#### Oral Feeding for One- to Five-Day-Old Pigs:

Mix one part of Baby Pig Restart with two parts of water and stir well to make a suspension. Slowly feed 0.5 oz (15 ml) of the suspension on the back of the tongue to severely stunted or starved 1-5 day-old piglets. Repeat as needed, typically feed 1 oz (30 ml) of suspension, with a maximum of 2 oz (60 ml) of suspension/pig/day.

TechMix has been a leader in specialty nutrition products for large and small animals since 1979.
