### For Use Prior To Disinfection

**BARNSTORM** is a heavy duty concentrated cleaner and descaler, a unique blend of acid and detergent designed to remove both organic and inorganic soils from surfaces prior to disinfection.

**BARNSTORM** is ideally suited for use in all phases of hog farm sanitation, including nurseries, farrowing crates, breeding and gestation rooms, loading chutes, animal transport vehicles, footbaths, waterers and feeders, and all areas on the pork production facility.

### DIRECTIONS FOR USE

Contact your Preserve International/Neogen representative with questions regarding appropriate dilution for your needs.

Thoroughly saturate all surfaces with **BARNSTORM** at a dilution rate of 1:64 (2 ounces per gallon of water). This product may be applied through high or low pressure spray apparatus or by immersion. Allow the **BARNSTORM** solution to remain on surfaces for several minutes or allow to air dry. Rinse surfaces with clean water before reuse.

### STORAGE AND DISPOSAL

Store in original container, in areas inaccessible to children and pets. Keep container tightly closed. Do not store on side. Avoid creasing or impacting of side walls. Do not reuse empty container. Discard in trash or recycle according to approved disposal methods.
