LANXESS

BioKlyn™ Plus

Heavy-Duty Alkaline, Foaming Cleaner

For the removal of organic soiling especially fats and greases. BioKlyn™ Plus is ideal for the removal of fecal matter and soiling on swine, poultry, turkey farms, in the hatchery and animal confinement facilities. This product will remove stubborn fats and grease from all processing equipment such as conveyor belts, separator machines, shackles and cutting blades.

Recommended Dilution Rates

- Heavy soiling: 2.0 – 3.0 ounces per gallon
- Medium soiling: 1.0 – 2.0 ounces per gallon
- Light soiling: 0.25 – 1.0 ounce per gallon

Directions for Use

Low or High Pressure Spraying: Prepare a stock solution of product (0.25-3.0 ounces per gallon) (2-24 ml/liter), or calibrate your dosing equipment to achieve this dilution. Spray the solution onto all surfaces at an application rate of 1.6 oz/ft² (500 ml/m²). Using hot water (140-149°F/60-65°C) will improve the effectiveness of the product, particularly in high grease situations. Allow contact time of 5-10 minutes before thoroughly rinsing all surfaces with clean water at high pressure.

Manufactured for:

Lanxess Emergency Phone: (866) 673 6350

Foaming: Prepare a (1-3 ounces per gallon) (8-24 ml/liter) stock solution of product, or calibrate your dosing equipment to achieve this dilution. Apply using a foam lance onto all surfaces at an application rate of 0.8 oz/ft² (250 ml/m²). Allow a contact time of 5-10 minutes before thoroughly rinsing all surfaces with clean water at high pressure.

Food & Egg Processing Equipment, Utensils and Other Food Contact Surfaces:

Follow foam cleaning instructions. Thoroughly rinse cleaned surfaces with potable water before they are reused. Where recommended or permitted, apply a sanitizer solution to food contact surfaces before reuse.
