

Certified DEF™

Diesel Exhaust Fluid

275 Gallons (1040L)

CAUTION: EYE AND SKIN IRRITANT
See side panel for other safety precautions

Certified DEF™ is formulated with high quality urea and pure water and is OEM approved for use in all trucks, cars, farm and construction equipment and power generators that use Selective Catalytic Reduction (SCR) technology.

- OEM approved for all SCR equipped engines
- Meets API, ISO 22241 and AUS32 requirements
- Made with high-quality urea and pure water
- 2 year shelf life minimum
- Non-hazardous and non-toxic
- Made in the USA

Directions for use: Certified DEF comes pre-diluted with pure water so no mixing is required. Never top off your DEF tank with water alone. Do not mix Certified DEF with diesel fuel. Avoid contamination by using a dispensing spout or funnel for DEF only. Check owners manual for proper usage in your vehicle.

Service interval: DEF consumption rates vary by equipment and duty cycle. Use the DEF Consumption Chart below to estimate usage for your vehicle.

Eye and skin irritant: Avoid contact with eyes and skin.

Eye contact: Remove contact lenses. Immediately flush eyes with water for at least 15 minutes.

Skin contact: Flush with cool water. Wash affected area with soap and water. Wash clothing before reuse.

Inhalation: If symptoms develop, move victim to fresh air. If symptoms persist, seek medical attention.

Ingestion: Do NOT induce vomiting unless directed to do so by medical personnel. Rinse mouth with water.

If spilled: Clean area with absorbent material and dispose of as non-hazardous. As always, follow local, state and federal laws.

DEF Consumption Chart			
DEF usage as a % of fuel consumption*	1%	2%	3%
Vehicle mpg	Approximate miles of service from one gallon of DEF		
6	600	300	200
7	700	350	230
8	800	400	260
9	900	450	300

*See your OEM's claim regarding DEF usage relative to diesel fuel consumption
IMPORTANT: Store between 12°F (-11°C) and 86°F (30°C)

Keep out of reach of children.
