

CHLORASORB

LIVESTOCK HYGIENE POWDER

Livestock hygiene powder to maintain and support animal health and facility biosecurity. Use in swine, poultry, dairy, and other livestock facilities.

INGREDIENTS

Chloramine T • Copper Sulfate
Blend of Essential Oils
Drying Agents

APPLICATIONS

Load Chutes • Farrowing Mats
Trailers • Post Facility Washing
Livestock Bedding • Dry Footbaths

DIRECTIONS FOR USE

TARGETED APPLICATION: Using proper PPE, spread ChloraSorb evenly with a gloved hand or with a hand-scoop at a rate of 1 lb./ 10 sq. ft. to completely cover targeted surfaces. Apply ChloraSorb following animal movements on clean or dirty surfaces. Apply additional ChloraSorb as warranted for excessive messing, moisture, or infectious areas.

WHOLE FACILITY APPLICATION: Using proper PPE, place a 3-in-1 blower[†] intake tube into the ChloraSorb bucket. Blow ChloraSorb at a rate of 1 lb./ 100 sq. ft. to completely cover livestock facilities or trailer surfaces. For areas of excessive messing and moisture, use Targeted Application method; see above. [†]Toro 51619 Ultra Electric Blower Vac recommended model for blower application.

DRY FOOTBATH: : Add ChloraSorb to boot pan to a depth of 1". Replace all ChloraSorb at least every two weeks or as often as necessary to allow clean product to contact all surfaces of the boot bottom.

INSTRUCCIONES DE USO

APLICACIÓN DIRIGIDA: Usando el PPE adecuado, extienda ChloraSorb uniformemente con una mano enguantada o con un cucharón a razón de 1 lb. / 10 pies cuadrados (1 lb./ 1 metro cuadrado) para cubrir completamente las superficies seleccionadas. Aplique ChloraSorb siguiendo el movimiento de los animales en superficies limpias o sucias. Aplique ChloraSorb adicional según se justifique por exceso de suciedad, humedad o áreas infecciosas.

APLICACIÓN EN TODA LA INSTALACIÓN: Usando el PPE adecuado, coloque un tubo de admisión de ventilador 3 en 1[†] en el balde ChloraSorb. Sople ChloraSorb a razón de 1 lb./ 100 pies cuadrados (1 lb./ 10 metros cuadrados) para cubrir completamente las instalaciones de ganado o las superficies de los remolques. Para áreas con exceso de suciedad y humedad, use el método de aplicación dirigida; véase arriba (Aplicación dirigida). [†]Se recomienda utilizar la sopladora eléctrica Toro 51619 Ultra Electric Blower Vac.

BAÑO DE PIES SECO: Agregue ChloraSorb a la bandeja de desinfección de botas a una profundidad de 1". Reemplace todo el ChloraSorb al menos cada dos semanas o con la frecuencia que sea necesaria para permitir que el producto limpio entre en contacto con todas las superficies del fondo de la bota.

WARNING: Please refer to ChloraSorb Safety Data Sheet prior to use. Harmful if swallowed: Irritant to mouth, throat, esophagus and stomach. Avoid breathing dust, an irritant to mucous membranes of the respiratory tract. Avoid eye contact and direct contact with skin. **PERSONAL PROTECTION:** Wash PPE thoroughly after use. Use adequate ventilation. Goggles and rubber gloves recommended. **IF INHALED:** Remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. Call a physician. **IF SWALLOWED:** Do not induce vomiting. Immediately give two glasses of water. Never give anything by mouth to an unconscious person. Call a physician. **IF IN EYES:** Immediately flush eyes with plenty of water for at least 15 minutes. Call a physician.

STORAGE

Store in a cool, dry area.
Keep out of direct sunlight.
