

# Endo-Power Green

Contains a source of carbohydrase enzymes  
that hydrolyze polysaccharides and oligosaccharides

## GUARANTEED ANALYSIS

Xylanase (Min).....1,500 unit/gram\*  
beta-Glucanase (Min).....1,100 unit/gram\*  
beta-Mannanase (Min).....110 unit/gram\*  
alpha-Galactosidase (Min).....35 unit/gram\*

\*One unit is micromoles total reducing sugars (glucose equivalent) per min at 30°C and pH 4.0.

## INGREDIENTS

Dried *Aspergillus Niger* Fermentation Product

## DIRECTION FOR USE

Swine and Poultry: Add 0.2 – 0.4 lbs per US ton (0.1 – 0.2 kg per metric ton) of  
complete feed. Mix thoroughly. For organic use.

## WARNING

Enzyme products may cause serious eye irritation, may cause skin and respiratory  
tract irritation, or asthma. Avoid inhalation; wear goggles and protective clothing.

## STORAGE DIRECTIONS

Keep bags closed and use immediately after being opened.  
Store in a cool and dry place protected from light.
