EXCEDE® FOR SWINE

(Ceftiofur Crystalline Free Acid)

Sterile Suspension

Equivalent to

100 mg per mL

ceftiofur

For intramuscular administration in the post-auricular region of the neck of swine.

EXCEDE FOR SWINE Sterile Suspension 100 mg/mL is indicated for the treatment and control of swine respiratory disease (SRD). See package insert for complete product information.

For use in Animals only

Caution: Federal (USA) law restricts this drug to use by or on the order of a licensed veterinarian.

100 mL

NADA #141-235, Approved by FDA

1505000

Pfizer

Dosage: Administer by intramuscular injection in the post-auricular region of the neck as a single dosage of 2.27 mg ceftiofur equivalents (CE)/lb (5.0 mg CE/kg) BW. This is equivalent to 1 mL sterile suspension per 44 lb (20 kg) BW. No more than 2 mL should be injected in a single injection site. Injection volumes in excess of 2 mL per injection site may result in violative residues. Pigs heavier than 88 lb (40 kg) will require more than one injection. Most animals will respond to treatment within three to five days. If no improvement is observed, the diagnosis should be re-evaluated.

Warning: Not for human use. Keep out of reach of children. To avoid possible reactions, users are advised to avoid direct contact of the product with the skin, eyes, mouth and clothing. Sensitization of the skin may be avoided by wearing protective gloves. See package insert for complete product information.

RESIDUE WARNINGS

A maximum of 2 mL of formulation should be injected at each injection site. Injection volumes in excess of 2 mL per injection site may result in violative residues. Following label use as a single treatment, a 14-day pre-slaughter withdrawal period is required. **Use of dosages in excess of 5.0 mg ceftiofur equivalents (CE)/kg or administration by an unapproved route may result in illegal residues in edible tissues.**

Store at controlled room temperature 20° to 25°C (68° to 77°F).
Contents should be used within 12 weeks after the first dose is removed.

Each mL contains: Ceftiofur crystalline free acid equivalent to 100 mg ceftiofur in a Miglyol® and cottonseed oil based suspension.

Shake well before using.
