CONTENTS

Sodium Hypochlorite 12.5%

EPA REG. NO. 62495-2
DIST. CO. NO. 08743-OK-001

DANGER - CORROSIVE

Concentrated sodium hypochlorite solution should be handled carefully making sure when in use that it is not splashed on clothing or exposed skin. Wear the recommended safety equipment while mixing or handling. Store this product in a cool, dry area, away from direct sunlight and heat to avoid deterioration. In case of spill, flood areas with large quantities of water. Product or rinsates that cannot be used should be diluted with water before disposal in a sanitary sewer. Do not reuse empty container but place in trash collection. Do not contaminate food or feed by storage, disposal, or cleaning of equipment. "Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility." Plastic containers: triple rinse or equivalent. Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or if allowed by state and local authorities, by burning. If burned, stay out of smoke.

FIRST AID

INHALATION - Move patient to fresh air if atmosphere contaminated. Apply CPR if not breathing. Call physician immediately.
IF SWALLOWED - If conscious, give water with large amounts of diluted vinegar, lemon, or orange juice. Follow with milk or egg whites beaten with water. Call physician at once.
IN EYES - Flush with water for 15 minutes. Call physician at once.
ON SKIN - Remove contaminated clothing. Wash exposed skin with water until skin is free of alkali.
