

**Components:****CAS No.**

Hydrochloric acid.....7647-01-0  
 Rodine-213.....12738-46-4

**DESCRIPTION**

Concentrated acid cleaner-descaler.

Formulated for hatchery mechanical washers, heating coils, and nozzles.

**Melt-Down** effectively removes hardened chick down, chemical residues, and hard water salts from hatchery trays, buggies, rack and box washer interiors, heating coil exteriors, and spray nozzles.

**Melt-Down** is recommended for use stainless steel, ceramic tile, porcelain, fiberglass, rubber, and plastic surfaces.

**DIRECTIONS FOR USE**

**Melt-Down** may be applied by recirculating pump, brush, by soaking, or with a plastic pump-up sprayer, using the coarse setting of the sprayer for maximum contact.

Depending on the amount of "build up" to be removed on each washer interior, heating coil array, or nozzle, this procedure may require repeating bimonthly, or until the targeted build-up has been completely eliminated.

**Directions for Use:**

1. Empty the mechanical washer tanks, and thoroughly rinse the machine with potable water.
2. Fill the mechanical washer tanks with just enough water to run the pumps (usually, filling to a water level slightly over the coil array is satisfactory).
3. Carefully add 8 gal. (30.28L) of **Melt-Down** to each washer tank.
4. Turn the mechanical washer on, and allow it to run for 45 minutes to 1 hour.
5. Empty washer tanks and thoroughly rinse the washer before start up.

**NOTE:** Make sure, when refilling the washer tanks, there are no additional chemicals being injected into the system during this filling procedure. Always use the recommended PPE when handling **Melt-Down**, as this product contains a strong acid.

**Manufactured by:** Preserve International®, a Neogen® Company  
 944 Nandino Blvd., Lexington, KY 40511 U.S.A.

# MELT-DOWN

## Concentrated Acid Cleaner-Descaler

Formulated for hatchery mechanical washers, heating coils, and nozzles

**SIGNAL WORD: DANGER**

**HAZARD STATEMENTS**

Causes severe skin burns and eye damage  
 Harmful if inhaled

**PRECAUTIONARY STATEMENTS****Prevention:**

Do not breathe dust/fume/gas/mist/vapors/spray.  
 Wash thoroughly after handling.  
 Use only outdoors or in a well-ventilated area.

Wear protective gloves, protective clothing, respiratory protection, and face/eye protection.

**Response:**

Immediately contact a poison control center or doctor/physician.

**If swallowed:** Rinse mouth. Do NOT induce vomiting.

**If on skin or hair:** Take off immediately all contaminated clothing. Rinse skin with water/shower.

Wash contaminated clothing before reuse.

**If inhaled:** Remove person to fresh air and keep comfortable for breathing.

**If in eyes:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing eyes.

For specific treatment, refer to Section 4 of the product Safety Data Sheet (SDS).

**STORAGE AND DISPOSAL**

**Storage:** Store locked up.

**Disposal:** Dispose of contents/container in accordance with Federal, state, and local regulations.

**Net Contents:** 55 gal. (208 L)
