

The Meyer logo is positioned at the top left of the label, featuring a stylized 'M' that forms a thick border on the left and top edges of the label area.

RW 12 is a unique blend of specifically chosen ingredients providing excellent cleaning, whitening and brightening of fabrics.

Contains sodium dichloroisocyanurate dihydrate, sodium carbonates and sodium phosphates. Do not use with ammonia or toilet bowl cleaners. To do so may release hazardous gases.

When not in use keep tightly sealed.

DIRECTIONS:

Consult your Sales/Service representative for the amount to add to your machine.

For Commercial and Industrial Use Only

RW 12

Chlorine Bleach

CAUTION

Keep out of reach of children

See side panel for additional precautions

NET WEIGHT: LBS

CAUTION

May cause eye irritation. May be harmful if swallowed. Avoid contact with eyes. If contact occurs, flush with water for 15 minutes. If irritation persists, seek medical attention. If swallowed, drink milk and call a physician.

RW 12 is designed exclusively for use by trained professional personnel. Label instructions and Material Safety Data Sheet (MSDS) precautions must be followed exactly. Manufacturer/Distributor will not be responsible for any injury, loss, or damage, if product is used in any manner not consistent with label directions, or if MSDS precautions are not observed.

A smaller version of the Meyer logo, consisting of the word 'Meyer' in a stylized font with a thick underline.
