

Quantum[®] Blue 10 G

Contains a dry source of phytase specifically developed for use in poultry and swine diets, which hydrolyzes phytate and increases the digestibility of phytin-bound phosphorus.

Guaranteed Analysis: Phytase (*Trichoderma reesei*) activity not less than 10,000 FTU/g. One phytase unit is defined as the quantity of enzyme, which liberates 1 micromole of inorganic phosphate per minute from sodium phytate at 37°C, pH 5.5.

Ingredients: Wheat flour, dried *Trichoderma reesei* fermentation extract, vegetable oil and propionic acid (a preservative)

Directions of use: Broilers, turkeys, ducks, and swine: Feed 0.05 - 0.55 lb/ton (25 - 275 g/tonne) (250 - 2750 FTU/kg) of complete feed either directly into the feed or via a premix.

Recommendation is not to exceed conditioning and pelleting temperatures of 190°F (88°C) with dry form. Store at room temperature 73°F (23°C) in a dry place.

Warning: May cause skin and respiratory irritation. Inhalation may cause sensitization. Product should be used in well-ventilated areas and avoid dust formation. It is recommended to use protective glasses, respiratory mask and gloves during handling. In case of accidental contact with skin or eyes, rinse immediately with plenty of clean water. See the Safety Data Sheet for further information.

Net Weight: 55 lb (25 kg)

Manufactured for: AB Vista is AB Enzymes GmbH's distributor of Roal's feed enzymes

AB Vista, Inc.
8151 Peters Road, Suite 2001
Plantation, FL 33324

Batch Number: See Bag

Manufacture Date: See Bag

Expiration Date: 12 months from date of manufacture
