

SMITHFIELD SOW PACK 100% OVN

SOURCE OF VITAMIN A & BIOTIN FOR LIVESTOCK DRINKING WATER

DIRECTIONS FOR USE

Mix at the rate of 1 pack per 1,024 gallons of drinking water or prepare stock solution by dissolving 1 pack in 8 gallons of stock solution and meter using an automatic proportioning system at 1 ounce per gallon of drinking water.

HANDLING & STORAGE

Keep container tightly closed and dry. Store at room temperature. Avoid dust formation. Provide appropriate exhaust ventilation at places where dust is formed. Take precautions against static discharge. Wear protective clothing, gloves, and eye protection. After accidental exposure, women should seek medical advice.

CHEMICAL & PHYSICAL HAZARDS

DANGER: May form combustible dust concentrations in air. May damage fertility or the unborn child.

RESPONSE

IF INHALED: Move to fresh air. Consult a physician after significant exposure.

IF ON SKIN: Take off contaminated clothing and shoes immediately. Wash off with soap and plenty of water. If symptoms persist, call a physician.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. If eye irritation persists, consult a specialist.

IF SWALLOWED: Rinse mouth with water. Do not give milk or alcoholic beverages. Never give anything by mouth to an unconscious person.

GUARANTEED ANALYSIS

Vitamin A (CAS 127-47-9).....17,102,034 IU/kg
Biotin (CAS 58-85-5).....1,354.5 mg/kg
